# HOST Farm Tanks – Single Wall

HOST round farm tanks are designed for easy bulk or nozzle filling and set up to mount a variety of dispensing pump solutions. They provide a safe environment, removing the need to climb up ladders or unsafe stairs found on gravity fed tanks. Dispensing is simple with a large range of custom fitted and complete turnkey pump

solutions in 12V, 240V or solar, making them an ideal stand alone fuelling system.

Offering low maintenance and installation costs these tanks come in three sizes:

- T4.5 – 4,500L
- T9 – 8,500L
- T18 – 17,500 L
